

Classroom Reference Design

This reference design highlights just one of many ways you can configure Stem into your classrooms. In this design you can see two Stem Wall's and two Stem Ceiling's paired with Stem Hub and Control. Each device is connected directly to your network via a single Ethernet cable. With Stem you have the freedom to mix and match ecosystem devices to create your own customized setup. Design your rooms to fit your needs.

Mix and match all Stem devices for a customized audio solution.

Set up, control, and manage your rooms and devices on your network.

Stem solutions are compatible with your favorite conferencing platforms.

How It All Connects
